MEMORANDUM FOR THE RECORD

SUBJECT: Public Law 85-468

1. On 19 November the undersigned contacted Mr. Greg Henderson at Department of State, code 182, extension 5316, and informed him that the CIA decision in connection with non-Allied alien tutors on FSI Staff was that this Agency could not participate in their employment in such a way as to be charged with circumventing the intent of Congress or illegal use of exceptions under Public Law 110. Mr. Henderson was informed that conversations between [redacted] Deputy General Counsel, and Mr. Ward Cameron, Department of State General Counsel, seemed to open up avenues which might be utilized by the Department of State to develop a position which might permit temporary continued employment of the FSI instructors in question. No further action is required of the Office of Training, and Mr. Henderson advised that he would contact [redacted] to obtain the necessary details. 25X1A9A

25X1A9A 2. [redacted] has been verbally advised of the foregoing by the undersigned.
